OBJECTIVE

Computer Science student with strong foundation in software development and cybersecurity, seeking internship opportunities in software engineering and security research roles.

EDUCATION

Bachelor of Technology - Computer Science, Vellore Institute of Technology, Bhopal Oct 2023 - Oct 2027
CGPA: 8.0/10
Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, Database Management Systems.

SKILLS

Programming Languages	Python, JavaScript, Java, C++
CS Core	Data Structures & Algorithms, OOP, Operating Systems, DBMS
DevOps & Cloud	Linux, Git, GitHub, Amazon Web Services (AWS)
Soft Skills	Communication, Teamwork, Problem-Solving, Leadership

EXPERIENCE

Event Management Core Member Oct 2024 - Present
Fusion Club *VIT Bhopal*

- Plan and coordinate various campus events and student activities
- Work collaboratively with cross-functional teams to ensure successful event delivery
- Develop organizational and project management skills through hands-on event execution

PROJECTS

SecureImage: Hybrid AES-256-CBC and LSB Steganography Framework. Developed a desktop application combining AES-256-CBC encryption with LSB image steganography providing dual-layer security. Achieved 3.3MB embedding capacity in 4K images while maintaining PSNR 50 dB and 100% data integrity over 100,000 test cycles using Python, NumPy, and Tkinter GUI.

Greedy/Selfish Attack Analysis on IEEE 802.11 using AI/ML. Built comprehensive detection framework using Python, Wireshark, and Pyshark achieving 95% detection accuracy with Random Forest classifier and 92% F1-score with k-means clustering for wireless network security analysis.

EXTRA-CURRICULAR ACTIVITIES

- Completed specialized courses including ”The Bits and Bytes of Computer Networking” on Coursera, ”Blockchain and its Applications” on NPTEL, and ”Advanced SQL for Technical Interviews”
- Multilingual communication abilities: Fluent in English, Hindi, Kannada, and Marathi

LEADERSHIP

- Serving as Event Management Core Member at Fusion Club, leading cross-functional teams and coordinating campus-wide events while developing strong organizational and project management skills
